

POLICY NO:	PW 014
POLICY TITLE:	INSTALLATION OF ENGINE RETARDER BRAKE SIGNS STANDARDS & PROCEDURES POLICY
DEPARTMENT:	PUBLIC WORKS
APPROVAL DATE:	17-01-06 (January 10, 2006)
REVISION DATE:	
REVIEW DATE:	October 6, 2014

Purpose:

Install Engine Retarder Brake Signage as per request of landowner to eliminate Engine Retarder Brake noise (also known as Jake Brakes).

Guidelines:

Once the County receives a request from a landowner to install Engine Retarder Brake Signs, the following guidelines will need to be followed:

1. the landowner must fill out an application and make a prepayment
2. the Public Works Department will then approve the location for safety concerns
3. once approved the Public Works Department will proceed with installing the signs
4. the landowner will then be invoiced for the cost of the signs, posts and the installation time

The County will not be held responsible for any further maintenance of such signs and any highway locations would have to go to Alberta Transportation for approval.
